Mr Stephen

When I was in hospital, the MSIG team was amazing and so helpful. They checked on me until I arrived back in Singapore. Malathy was incredible. The claims handler, Mr Sargunan was also extremely helpful and efficient.

Anonymous

My first time claim. Have heard horror stories about the convoluted hoops you have to jump through with other insurers, however the claims handling by MSIG was excellent, straight forward and fuss-free. Will definitely only use MSIG in future.

Ms Linda

I'm very impressed with the entire claims process. In fact, I have purchased several insurance policies with MSIG in the past and the process has always been transparent and swift.

Ms Lam

Besides competitive price, travel insurance claim process has to be efficient. Bought a single trip to China, claimed a medical bill. Claim process is simple as ABC and I received money on the very next day! They even SMS the emergency contact. Trust and impressed by MSIG team, I bought an annual policy today and hope they maintain their service excellence!

Ms Vivian

I was glad I had bought my Travel Insurance with MSIG. My mom had a bad fall during the trip. Their immediate support and the subsequent course of actions taken by them were seamless. Support was definitely great and awesome!! You can't imagine the feeling of being alone and at a loss in a foreign place plus the language barrier. So so thankful and grateful that they were able to be with me all the way and went through step by step in the procedures, and ensuring that my mom had a safe and comfortable flight back home. Thanks to their network of hospitals and nurses, that we were able to get proper treatment for my mom.

Mr Nik

I would like to express my sincere appreciation to Vimala Mohan of Fortiscor for the prompt and efficient handling of my recent claim. I was also grateful for the smooth and hassle-free claims process. Vimala's professionalism and timely assistance made the situation much more manageable and I felt reassured knowing I am in good hands.

Mr Kok C. S

I had a very positive experience with MSIG and Across Assist during a recent overseas medical incident. The end-to-end coordination was seamless and well managed. The team provided clear guidance at each step, which significantly reduced uncertainty during a stressful situation. Overall, I appreciate the professionalism, responsiveness and support provided by the team. This experience gave the confidence in MSIG's overseas medical assistance and claims process.

REAL CLAIMS, REAL IMPACT

WHEN LIFE TRIPS YOU UP OVERSEAS

Our Insured went on a trip to China, fell and suffered a fracture, which required her to have urgent medical attention. What began as a frightening ordeal quickly transformed into a story of assurance and seamless support thanks to MSIG's 24/7 worldwide emergency assistance team.

MSIG supported the family through daily check-ins and step-by-step guidance, earning heartfelt praise for being their "emotional support" and staying with them "from the beginning till the end".

Our Insured was safely repatriated on a commercial business class flight, accompanied by her son as a non-medical escort.

Medical repatriation can be costly. Her travel insurance policy with MSIG ensured peace of mind throughout her medical crisis and journey home.

Travel insurance has always been a random purchase till it is unfortunately tested. From today, I will always buy from MSIG, due to the support rendered to us in our greatest time of need. They were there from the beginning till the end which spanned more than 2 weeks, checking in on us daily and calling to give valuable instructions when needed. - Insured

REAL CLAIMS, REAL IMPACT

PRIORITISING PET CARE WITHOUT WORRY

What started as a simple evening walk at East Coast Park quickly turned into a medical emergency.

After a heavy collision with a cyclist, our Insured's Corgi suffered facial injuries and a fractured tooth that required dental surgery under general anesthesia. From diagnostics and medication to surgery and follow up care, the total veterinary bill reached S\$4,800.

Fortunately, our Insured was able to recover S\$3,600 after policy deductible and co-insurance, from her pet insurance policy with MSIG.

Pet insurance plans that focus only on the initial accident or surgery costs may not be adequate as healing does not stop at discharge. MSIG's pet insurance is designed around the full treatment and recovery journey, and ensures pets receive care not just during emergencies but throughout recovery.

REAL CLAIMS, REAL IMPACT

SUPPORT THAT CROSSES BORDERS

During a family trip to Johor Bahru, our Insured's car was hit from the rear while stationary, resulting in a chain collision.

After returning to Singapore, he reported the accident at an MSIG's authorised workshop where the claim was immediately initiated. Our surveyor assessed the damage and authorised repair on the same day, keeping the customer updated throughout.

When the customer later expressed concern about his No-Claim Discount being penalised, our claims team promptly helped him out and he was assured that his NCD would remain protected, all within one day.

For motorists driving into Malaysia, cross border coverage from a comprehensive policy such as MSIG's MotorMax *Plus*, will ensures continuity of protection, access to local support if needed, and followups once they return home.

They were responsive and professional. I truly appreciate their dedication and customer-focused approach. - Insured

REAL CLAIMS, REAL IMPACT

PROTECTION IN YOUR HEALTH JOURNEY

Over the policy year, a long-standing Insured experienced a series of serious, inter-related medical conditions, progressing from respiratory illness to major cardiac complications that required repeated hospitalisation and high-cost procedures.

MSIG's medical policy responded. Letters of Guarantee were issued for every inpatient admission, with limits proactively increased to match the rising clinical complexity.

This ensured uninterrupted access to necessary treatment without upfront cash payments. Coverage for eligible pre-and-post hospitalisation expenses further supported continuity of care, allowing medical decisions to be guided by need rather than financial concern.

On top of assuring our Insured received uninterrupted access to care during critical health events, this case also underscores the importance of health insurance as a cornerstone of one's financial planning.

REAL CLAIMS, REAL IMPACT

WHEN EVERY SECOND COUNTS

When an architectural firm was hit by a ransomware attack on encrypted critical systems and brought operations to a halt, MSIG's Cyber Insurance proved essential.

Leveraging the policy's built in 24/7 incident response support, an Incident Response Manager was immediately appointed, and specialist cyber security experts were activated to conduct forensic investigation and guide the firm through containment and recovery. Based on the expert assessment, MSIG endorsed the Insured's decision to proceed with ransom negotiations.

This comprehensive support not only minimised downtime but also ensured business continuity and stronger resilience against future cyber threats.

When the attack happened, MSIG didn't just insure us – they stood with us. The incident response was immediate, professional, and reassuring when we needed it most.

REAL CLAIMS, REAL IMPACT

GETTING THE CAUSE RIGHT

Despite proper external packaging, a recurring pattern of cargo damage was observed, alongside indicators such as oil-stained pallet blocks and equipment defects. Our Insured subsequently submitted a cargo claim to MSIG, as the cause of loss was unclear.

We stepped in to conduct a targeted investigation, applying a structured and evidence-based approach to determine the root cause. Our findings confirmed that the damage had occurred prior to shipment, rather than during transit.

These insights enabled a constructive escalation with the relevant parties, leading to the shipper acknowledging responsibility and full recovery of the loss for our Insured.

Beyond resolving the claim, this case demonstrates how MSIG's structured claims approach delivers value beyond settlement. Our intervention not only drove corrective action at source but also strengthened the shipper's handling practices, helping our Insured reduce future risk exposure and prevent recurrence.

REAL CLAIMS, REAL IMPACT

CLAIMS ACTION TO RESTORE BUSINESS CONTINUITY

When a fire broke out at the rooftop level of a multi-storey commercial building, critical electrical installations and lift systems were damaged, and disrupted the essential access within the building owned by our Insured.

What began as physical damage quickly escalated into a business continuity concern for the Insured and its tenants.

With commercial property and business interruption cover in place, MSIG responded promptly. Our claims team immediately appointed loss adjusters and technical specialists, and authorised mitigation works and temporary solutions to restore essential services within days.

This proactive claim support enabled faster business recovery and gave the Insured confidence to manage the incident as reinstatement progressed.

REAL CLAIMS, REAL IMPACT

NO-FAULT PROTECTION BEYOND THE WORKPLACE

When an employee tragically lost his life in a traffic accident while commuting home on his motorcycle from Singapore to Malaysia, the loss had a profound emotional and financial impact on his family and employer.

Although the accident occurred outside the workplace, MSIG's Work Injury Compensation policy responded. The total claim amount came up to S\$50,000 and was a timely financial support for his dependents.

Through a simple extension of their WICA policy with MSIG - Travelling (To and Fro) – our Insured was assured of a more comprehensive workplace protection for their employees. At the same time, it also reflects a practical and people focused approach while safeguarding the employer against unexpected liability.
